

Couple 9: Cock

Superstar Janssen is a superior **Janssen Arendonk** cock, inbred to the line of Witplak x Blauwke van Blauwke van 019. In his pedigree we therefore several times find Janssen Arendonk legends such as 019, Oude Merckx and Oude Lichten, but other highlights such as Geeloger and Stier are also present. On mother's side we also find the famous hen "Duiuin 2 eerste prijzen". Superstar Janssen is an original Janssen Arendonk cock which has earned his place on our breeding loft.

Couple 9: Hen

Wondervoske Janssen is a very nice **Janssen Arendonk** hen, direct and original out of the famous Brothers' loft. Her popularity on our loft is not only due to her red color, which she has inherited from her father, Late Vos van '99 out of the lines of Raket and Rakker, but is also the natural result of her qualities and her impressive pedigree, which contains Janssen legends such as Goede Kapot Borstbeen, Zitter, Jonge Merckx, Stier and Goede Jaarling.
